

C6

6.5" CEILING SPEAKER [100V]

-  Discreet Design
-  100V Line Input
-  Frameless Design
-  Detachable Logo
-  Easy Install
-  Ultra-Thin Design

The C6 is an affordable yet great-sounding 100V Line flush-mounting speaker, perfect for both speech and music reproduction in shops, schools, offices, hotels and restaurants. This 6.5" flush-mounted speaker is discreet, easy to install, intended for installation in false ceilings or panels. The low-profile white grill can be painted in the color that best integrates with the installation's aesthetic environment. Its construction with durable, non-deformable, non-fading high quality engineering plastic and the aluminum grid, provide excellent resistance to corrosion allowing its installation in especially difficult environments.
