TECHNICAL DETAILS

Description

Washlight fixture, with zoom, multibeam, pixel effect, and front RGB ring, for visual effects. Smooth, and accurate colour mixing, for vivid or pastel colours. Easy temperature correction set, from a single DMX channel. Ability of soft, or hard multibeam effects.

Light Source / Optics

19x 40 Watt main LEDs, 4 in 1 RGBW.
SMD RGB LEDs on the front ring, for RGB colour mixing, variable colour temperature, and chase effects.
Motorized zoom from 4 to 60 degrees.

Effects / Features

The rotating lens plate creates a vortex/multi beam effect, which can be focused for hard or soft light beams. Independent pixel control for each of the 19 main LED light sources. Pre programmed chases, and patterns, with selectable background and foreground colours, are available via DMX. DMX controlled pre programmed chases for the front ring, with adjustable speed. Linear colour temperature set via dedicated DMX channel, from 2800 to 8000 K.
