

TM-200SG

Shotgun Condenser Microphone for Video Shooting

- Easy-to-handle shotgun mic for film shooting, vlogging, reporting, or news coverage
- Compact and light design
- Supercardioid directivity ensures high sound quality in outdoor applications
- Operates on phantom power (DC 48 V)
- Attaches to the camera with standard-size shoe mount
- Switchable low-cut filter to reduce low-frequency noise
- Wind screen included to avoid wind noise

Transducer type	Back-electret condenser
Polar pattern	Supercardioid
Output connector	3-pin XLR, male
Frequency response	30 Hz to 20 kHz
Low-cut filter	160 Hz, -3 dB
Sensitivity	-40 dB ±3 dB (0 dB = 1 V/Pa at 1 kHz)
Output impedance	1 kΩ ±30 % (at 1 kHz)
Load impedance	200 Ω ±30 Ω
S/N ratio	74 dB
Maximum SPL	132 dB (1 kHz, ≤1 % THD)
Supply voltage	DC 48 V (phantom power)
Supply current	3 mA
Dimensions (L × Ø)	153 mm × 23 mm
Weight	53 g
Included items	Shoe-mount mic holder, windscreen, storage bag
