

DS-250W LCR

Dual 5.25" In-Wall LCR Speaker

HORN-LOADED PERFORMANCE

Using the same Tractrix[®] horn technology and design principles of our premium architectural and box speaker lines, the all new Klipsch Designer series brings true Klipsch power and performance. With dual 5.25" Polypropylene woofers and a 1" Silk Dome tweeter mated to a round Tractrix[®] horn, the DS-250W LCR brings dynamic, powerful, detailed Klipsch sound to your home theater system or 2-channel system.

PATENTED SKY HOOK[®] CINCH TOOL-FREE INSTALLATION SYSTEM

This exclusive installation system engages the dog legs automatically when the speaker is inserted into the cutout hole with a preset clamping force, eliminating the possibility of overtightening. If dealing with an uneven space, a 1/4 turn of each dog leg screw achieves an even more flush finish. This fast, easy installation system reduces install time by up to 75%.

ALL NEW, BEZEL-FREE MAGNETIC GRILLE

A completely redesigned powder coated magnetic steel grille eliminates the bezel for seamless, pristine integration into the living space.
